

1   **SECTION 1-05, CONTROL OF WORK**

2   **April 7, 2003**

3   **1-05.13 Superintendents, Labor, and Equipment of Contractor**

4   This section is supplemented with the following:

5

6       **1-05.13(1) Emergency Contact List**

7       The Contractor shall submit an Emergency Contact List to the Engineer no later than  
8       five calendar days after the date the contract is executed. The list shall include, at a  
9       minimum, the Prime Contractor's Project Manager, or equivalent, the Prime Contractor's  
10      Project Superintendent and the Traffic Control Supervisor. The list shall identify a  
11      representative with delegated authority to act as the emergency contact on behalf of the  
12      Prime Contractor and include one or more alternates. The emergency contact shall be  
13      available upon the Engineer's request at other than normal working hours. The  
14      Emergency Contact List shall include 24-hour telephone numbers for all individuals  
15      identified as emergency contacts or alternates.
